University of Western Ontario, London, ON

- Dean's List with Distinction | IRHS Integrity Award (2019)

April 2023

WORK EXPERIENCE

Business Transformation Consultant

ShipNoble Inc., Toronto, ON

January 2026 - Present

- Diagnosed, designed, and deployed the ShipNoble Index (SNI), a real-time profitability scoring system comprising 85+ variables, quantifying ~\$300K in annual margin recovery and increasing company-wide margin by 7% on a \$4M revenue base
- Built a three-tiered SaaS pricing and revenue model for external licensing of the SNI module, projecting \$900K to \$1.5M in incremental annual recurring revenue from fleet operator customers
- Identified \$85K in previously undetected margin leakage by building a forecasting model that compared projected vs. actual shipment costs, enabling the CEO to correct pricing across 12 fulfillment zones
- Built and deployed a logistics engine and freight pricing calculator using Claude Code, Supabase, GitHub, and Vercel through AI-assisted development, replacing the operations team's manual quote generation process with a strictly internal tool that computes real-time freight costs across variable shipment parameters
- Developed a digital strategy roadmap for the SNI's evolution from an internal diagnostic tool to an externally licensed SaaS product, defining technical requirements, integration milestones, and a go-to-market timeline for senior leadership
- Presented weekly performance dashboards and SNI findings to the CEO and operations leads, translating complex logistics data into executive-level recommendations that informed pricing, routing, and staffing decisions

Lead Bartender & Bar Manager

Jack Astor's Bar and Grill & The Banquet Bar, London, ON

September 2023 - September 2025

- Ranked 3rd of 40 staff (top 7%) across five KPIs, including average cheque size, table turnover rate, and guest satisfaction scores, generating the highest per-shift revenue at the location
- Designed and launched a weekly themed events program (live DJs, industry nights, private bookings) at The Banquet Bar, generating \$25,000+ in revenue per engagement and delivering a 20% uplift in gross sales

Client & Portfolio Associate

CIBC Wood Gundy, London, ON

April 2023 - February 2024

- Led a CRM transformation for a 500+ household book of business, migrating legacy data into Salesforce and conducting one-on-one advisor walkthroughs to ensure adoption, improving pipeline visibility and client follow-up cadence for two senior advisors
- Redesigned portfolio pitch books and co-presented investment positioning to high-net-worth clients alongside two senior advisors across 50+ meetings, contributing to improved prospect conversion

CSR & Home Health Care Specialist

Truscott I.D.A. Pharmacy, Mississauga, ON

April 2015 - February 2020

- Delivered home health care equipment to 50+ recurring patients across a five-year tenure, reducing equipment-related care delays by coordinating same-day fittings and installations for urgent cases
- Maintained zero compliance incidents across five years of patient data and medical equipment handling under Ontario's PHIPA framework, PIPEDA, and Health Canada's Medical Devices Regulations, including secure management of sensitive patient health information across physical and digital channels
- Conducted in-home needs assessments with patients and families, coordinating directly with prescribers to develop individualized care plans and managing ongoing client relationships across the full patient lifecycle

LEADERSHIP & EXTRACURRICULAR EXPERIENCE

Equity Research Analyst, DeGroote MBA Capital Fund

January 2026 - Present

- Conducted structured company and sector-level analysis across three investment theses, synthesizing competitive positioning, financial modelling, and market dynamics to build stock allocation proposals
- Presented and defended all three theses to the Fund President, Director, and portfolio managers, with one proposal adopted into the active portfolio

Founding Financial Manager, DeGroote MBA Golf Tournament

January 2026 - Present

- Owned the full financial framework for the inaugural MBA golf tournament as sole financial lead, building end-to-end budgeting, sponsor revenue allocation, and vendor cost controls to deliver within target margins
- Presented and secured budget approval from the MBAA and DeGroote administration, navigating multiple rounds of stakeholder feedback and revising financial projections to align with institutional requirements

Line Coordinator

August 2021 - March 2025

Western Women's Football Club, London, ON

- Compiled a 51-2-1 record, three consecutive Provincial Championships, 16 All-Pro selections, and Coach of the Year across four seasons as Coordinator and play caller
- Built a competitor intelligence framework analyzing 400+ opposing players annually, directly informing game plans that produced the highest coaching win percentage in Canadian Women's Football history
- Advocated for differentiated contact-load protocols for linemen, driving consensus among coaching staff and reducing practice-related soft tissue injuries
- Delivered pre-game and halftime tactical briefings to 25+ athletes, translating complex defensive schemes into clear, actionable assignments under time pressure

Positional Coach, Burlington Stampede AAA

December 2023 - Present

Burlington Stampede & London Jr. Mustangs AAA

- Placed 10+ athletes annually into university football programs through structured technical development and leadership training across Canada's top-ranked summer league
- Built and deployed a mobile-first player scouting application through AI-assisted development using Claude Code, Supabase, and Vercel, featuring an internal coaching portal with secure authentication and 1-to-10 skill grading, and a client-facing interface that delivers auto-calculated statistical averages and exportable PDF evaluations to athletes and families for training camp roster decisions

Vice President, Western Management Consulting

May 2020 - April 2021

- Managed a team of student consultants through a live client engagement for Chatime (QSR), diagnosing fulfillment bottlenecks by mapping the end-to-end customer journey and identifying mobile order congestion as the primary driver of wait times
- Presented a store remodel proposal and implementation roadmap to franchise ownership, securing stakeholder buy-in and delivering a 37% reduction in consumer complaints
